foundationprogramme.nhs.uk
twitter: @UKFPO
The SJT is a measure of meeting the attributes required to be a foundation doctor, as defined in the national FP personal specification.

It is not an assessment of your clinical knowledge.

All applicants are required to sit the SJT, including AFP applicants and defence deanery.

Reasonable adjustments.

Extenuating circumstances.
Situational Judgement Test (SJT)

- Invigilated test
- 70 questions
- 2 hours 20 minutes
- ID checked, no smart watches and no removal of papers
- Scores marked national and translated to a 0 – 50 point scale
- Practice papers, OMR answer sheet and resources, available on UKFPO website

DECLARATION

Please read and confirm the following declaration and tick each box to confirm each statement.

I confirm that I am aware that providing any false or misleading information on my application form or any related document will result in the withdrawal of the offer of a foundation programme, offer of employment or in the termination of employment and may involve referral to the General Medical Council (GMC). (*)
Special Circumstances

➢ Four criteria: 1) parent or legal guardian, 2) primary carer, 3) medical condition, 4) unique circumstances

➢ Applications to medical schools and local panels

➢ Situation must be relevant at the time of application

➢ Requested foundation school must be ranked first

➢ Not applicable for AFP

➢ Applicants cannot link
National Allocation

➢ Applicants will be allocated in rank order
➢ If all the places are filled at your first choice foundation school, the system will look at your second choice, and so on down your list of preferences until a space is available
➢ Linked applicants will be allocated based on the lower rank of the linked pair
➢ Your allocation results will only be released once you have completed the online survey
Primary List

If there are more FP applicants than vacancies, the ‘n’ highest scoring applicants will be placed on the primary list (where ‘n’ is the number of FP 2018 vacancies across the UK).

Applicants on the primary list will be asked to preference groups and individual programmes. The foundation school will then use the same matching programme to allocate posts.

Reserve List

If, as anticipated, there are more fully eligible applicants than places, applicants who are not allocated to the primary list will be placed on a reserve list and will be allocated in batches on predetermined dates.

Reserve list applicants will be asked to preference posts available at that time. The foundation school will allocate individuals to posts.

➢ Academic supervisor
AFP Applications

➢ Applicants will need to apply to each AUoA (up to a maximum of two) separately.

➢ Each AUoA will determine what information it wishes to receive from its applicants which will consist of educational achievements and white space questions.

➢ Scoring criteria will be determined locally and may vary across the different AUoAs.

➢ You cannot submit AFP applications until you have submitted an application to FP application.
Preferences

• You will need to preference the Academic programmes available in each AUoA you select before you can submit your application

• You do not need to preference all the programmes if there are some that you know you will not accept

• However, the fewer programmes you preference, the lower your chance of receiving an AFP offer

• Highest scoring AFP applicants will receive offers first from each AUoA

• If higher scoring applicants decline these offers, they will then be offered to lower scoring applicants during the cascade process
AUoAs shortlist and interview applicants within the nationally agreed timeframe

AFP match ranking score = educational / academic decile + AUoA score

AUoA score determined locally

Matching applicants to specific programmes will be managed by the AUoA via Oriel
