- 1st – 31st January 2019 12:00 GMT – [F2 Stand-alone](#) application window, familiarise yourself with the [Applicant Guidance](#), [Person Specification](#) and [FAQs](#)
- Foundation Doctors' Advisory Board – Presentations from the meeting on 5th November 2018 are available on the [News](#) page
- Follow us on [Twitter](#) and [Facebook](#) for regular updates and news

****Severn Foundation School F1 Follow Up Survey****

Many thanks to those of you who participated in part one of the induction survey. This second survey is designed to provide further information which will be used to develop our induction programme for trainees in the future. We plan to share this information as widely as possible, so your contribution could potentially make a significant difference to future trainees. Please complete Part 2 whether you completed part 1 or not. There is an opportunity to provide more in-depth feedback as outlined in the final question.

To access the survey please log onto <https://www.surveymonkey.co.uk/r/f1followup2018> or QR code.

If possible, please complete the survey in one sitting since you will not be able to access it later. It should only take you approximately 5 minutes to complete. The questionnaire is anonymous, and your thoughts and comments are greatly appreciated.

****Foundation Faculty Sharing Good Practice Event****

NACT UK and UKFPO will be hosting the annual Foundation Faculty Sharing Good Practice Event.

The conference will take place on Friday 8th March 2019 at the London Marriott Hotel Marble Arch, 134 George St, London, W1H 5DN.

The deadline for abstracts is 5 p.m. Friday 30th November 2018.

Supporting documents can be located on the UKFPO website here: [Events](#)

****Save the Date – Foundation Doctors’ Academic Conference****

The UKFPO will be hosting the annual Foundation Doctors’ Academic conference on Friday 17th May 2019 at the Edinburgh International Conference Centre.

The conference will be trainee-centered and will be of interest to academically minded Medical Students, Foundation Trainees and any faculty or more Senior Colleagues who are involved in Academic Foundation Trainees. We hope that this complementary event will be of immediate practical assistance to anyone following an academic career path, and those who are advising them.

Themes of academic research, education and leadership training will be included. There will be a focus on Foundation Trainees themselves and their experiences.

****E-portfolio – PSG feedback gathering reminder****

Clinical supervisors (CSs) should already have started requesting feedback from members of the [placement supervision group](#) (PSG) who work with their supervised foundation doctors (FDs). This will help inform the CS end of placement report. (The [Horus Support Site](#) has lots of information on how to manage this in Horus.)

****E-portfolio – end of placement reports reminder****

Forms can be created, edited (where appropriate) and signed *up to 3 months* after the end of the placement they're attached to. This means that, for example, [CS](#) and [ES](#) end of placement reports for placement 1 (usually 1 August - 4 December 2018) can only be created and signed until **4 March 2019**. Foundation doctors and their clinical/educational supervisors should meet to complete these forms ideally by mid-December.

****Horus ePortfolio – Download portfolio live****

It is now possible for foundation doctors to [download their whole portfolio from Horus](#) as a pdf bundle.

****HEE FP E-portfolio Archive – 2017-18 data transfer complete****

The transfer of 2017-18 data from NES ePortfolio into [the Archive](#) has been completed. Next time relevant users log in, they will see data collected during 2017-18 as well as before August 2017.

UK Foundation Programme Foundation Doctors Academic Conference

Edinburgh International Conference Centre
150 Morrison Street
The Exchange
Edinburgh
EH3 8EE

The UKFPO are hosting the annual Foundation Doctors Academic Conference on Friday 17th May 2019

Themes will include;

- > academic research
- > education
- > leadership
- > management

Further information will be available soon

****HEE National Education and Training Survey (England only) ****

National Education and Training Survey (NETS) – share your views now!

The National Education and Training Survey (NETS) will be launched in November for the first time. It will gather feedback from multi-professional learners on clinical placements.

This is your chance to let us know about the quality of your experience whilst on placement so that improvements can be made and best practice shared.

Want to have your voice heard?

The survey will be available until **14 December 2018** for learners on placement. If you are on more than one placement during this time please complete the survey for your main placement between the **12-30 November 2018**.

You will be able to access the survey through laptops, tablets and smartphones.

Find out more about the survey
– and access it via our website
hee.nhs.uk/NETS

For further information or assistance,
email our team at NETS@hee.nhs.uk

Scan me with your phone
camera or QR reader

The HEE National Education and Training Survey (NETS) has now launched and is accessible via the following link [NETS](#) .

The survey link has been sent out to our Postgraduate Medical Trainees and we have asked our Trust colleagues to distribute the survey link to learners who are on placement within the Trust between the 12th November and 14th December.

This is the first multi-professional survey of its kind, so we would really appreciate any opportunity you have to promote it at events, workshops etc.

Attached is a copy of the flyer for your information, but this can be accessed in higher resolution for printing A4 and A5 flyers via the link above.

If you have any queries, please do not hesitate to contact either myself or my team at NETS@hee.nhs.uk

****PRBS – New educational videos support junior doctors to complete e-discharge summaries****

New educational videos have been launched for junior doctors and other clinicians to explain how e-discharge summaries should be completed.

In line with the NHS England Standard Contract, which says that all providers must have a plan in place to implement digital discharge summaries by December 2018, the videos will support trusts with implementation. Produced by the Professional Record Standards Body in collaboration with Royal College of General Practitioners, Professor Helen Stokes-Lampard and NHS National CCIO, Simon Eccles, the new videos can be found [here](#).

We would like to invite you to share these videos as widely as possible and use as part of your training programmes. For further information and support, please contact info@theprsb.org.

[The PRSB](#) is a non-profit body funded by NHS Digital and is responsible for developing clinical standards for shared patient records across health and care.

****British Pharmacological Society & Royal College of Physicians Ireland – The Future of Safe Prescribing****

This is a joint conference between the British Pharmacological Society and the Royal College of Physicians of Ireland.

The challenge to achieve safe prescribing is of huge importance to healthcare. We are now in an era of exponential advances in technology and molecular medicine which will directly impact on improving prescribing. This programme on the future of safe prescribing is designed to address topics directly relevant to safe prescribing now and in the future. This meeting will have wide appeal to independent prescribers from all backgrounds (including medical, pharmacy and nursing).

The event will take place on Friday 29th March 2019 in Dublin, Ireland
