

## **\*\*e-LfH – December Update\*\***

### **Health Education England e-Learning for Healthcare sessions in Foundation e-Learning Project: Professional Capability: 20 Contributes to quality improvement**

Developed by the Academy of Medical Royal Colleges in partnership with Health Education England e-Learning for Healthcare (HEE e-LfH) and approved by UKFPO – Foundation is a free e-learning programme for Foundation doctors.

Do you need to complete parts of the curriculum on your e-portfolio which you do not cover in day-to-day practice? If so, try some of our free e-learning mapped directly to the Foundation Professional Capabilities (Training Outcomes) in the 2016 Foundation Curriculum.

The e-learning sessions in Professional Capability: 20 “Contributes to quality improvement”, look at audit and evidence-based practice. It outlines the study designs used in medical practice. You are provided with a guide to developing a structured research strategy which will help you find journal articles relevant to your clinical questions. How to evaluate a journal article is discussed using a linked example paper from the British Journal of Anaesthesia.

#### **Sessions:**

- Audit
- Evidence Based Medicine in Clinical Practice
- Common Study Designs in Clinical Research
- Explaining Evidence/Guidelines/Protocols to Patients
- Guidelines in Clinical Practice
- Searching the Literature and Locating Papers
- How to Review a Paper

Sign in to the e-learning with your login supplied by e-LfH at the beginning of your foundation training: <https://www.e-lfh.org.uk/programmes/foundation-programme/>.
