➢ The F2 Standalone interview booking window will open on the 21st February 2019 until 28th February 2019.

➢ Thursday 7th March 2019 is Allocation Day (A-Day!).

➢ Follow us on Twitter and Facebook for regular updates and news

e-Learning for Healthcare – February Update

e-Learning for Healthcare sessions in Foundation e-Learning Project: Professional Capability: 3 Behaves in accordance with ethical and legal requirements

Developed by the Academy of Medical Royal Colleges in partnership with Health Education England e-Learning for Healthcare (HEE e-LfH) and approved by UKFPO – Foundation is a free e-learning programme for Foundation doctors.

Do you need to complete parts of the curriculum on your e-portfolio which you do not cover in day-to-day practice? If so try some of our free e-learning mapped directly to the Foundation Professional Capabilities (Training Outcomes) in the 2016 Foundation Curriculum.

The Mental Health Act protects the rights of vulnerable adults and children; a group of the e-learning sessions outline the responsibilities of the people who care for them.

You will find out how the GMC supports your career development, looking at the topics of registration, the Foundation Programme and your career development.

There are sessions which focus on the safeguarding of adults and children in primary and secondary care.

Finally, the importance of protecting data is explored in sessions about information security and the Data Protection Act.

Sessions
Confidentiality and Privacy
Mental Health Act
Mental Capacity
Mental Capacity Assessment
Capacity and Difficult Consent
Use of Restraint
HIV Testing
DVLA
How to avoid the GMC Disciplinary Committee
Infection Control: Diarrhoea in an Inpatient
Completion of the Medical Certificate of Cause of Death Part 3
Safeguarding Vulnerable Adults

GMC Registration and Post Graduate Observation
Safeguarding Adults: Level 2
Safeguarding Children: Level 1 Safeguarding for All Staff Working in a Healthcare Setting
Safeguarding Children: Level 2 Part A - Recognition
Safeguarding Children: Level 2 Part B - Response in Secondary Care
Safeguarding Children: Level 2 Part C - Record in Secondary Care
Safeguarding Children: Level 2 Part B - Response in Primary Care
Safeguarding Children: Level 2 Part C - Record in Primary Care
Information Security
An Introduction to the Data Protection Act.

You can sign in to the e-Learning with your login supplied by e-LfH at the beginning of your foundation training: https://www.e-lfh.org.uk/programmes/foundation-programme/.

Horus Update

E-portfolio – end of placement reports – Placement 1 - LAST CHANCE!

Forms can be created, edited (where appropriate) and signed *up to 3 months* after the end of the placement they're attached to. This means that, for example, CS and ES end of placement reports for placement 1 (usually 1 August - 4 December 2018) can only be created and signed until **4 March 2019**. Foundation doctors and their clinical/educational supervisors should ensure any remaining reports for placement 1 are completed before the end of next week.

Horus ePortfolio – Import of new F1s/standalone F2s from Oriel

In Oriel, the "Employing Trust" drop-down options match exactly with the Horus list of trusts. However, the Oriel "Site" fields are all free-text, which means these entries will not necessarily match. For example, some placements are listed as "Hospital X/Hospital Y" (to indicate split-site or tbc) or "City" (instead of "City Hospital").

 ➢ Foundation schools have a list of all the trusts and sites in Horus.
 ➢ Foundation school managers have agreed that this year, all placements at "Sites" entered into Oriel that do not exactly match a Horus site will be imported at trust level.
 ➢ Any required updates or changes will need to be made by trust or foundation school administrators manually in Horus after the data has been imported (June 2019).

**One career endless opportunities. Choose GP **

Applications for GP specialty training open on the **26 February – 14 March 2019**. Please 'like' and follow the #**Choose GP** Facebook Page to keep up to date with news and views. More information on the GP National Recruitment Office (GP NRO) website.

We have a number of GPs and trainees who are able to help with local or general enquiries. To contact email gprecruitment@hee.nhs.uk

Apply for Internal Medicine Training

The Internal Medicine Training (IMT) programme is a new training model that is replacing core medical training. It is designed to equip doctors with the skills and confidence to lead on the care of patients in general medical wards and acute care settings.

IMT recruitment

Apply via Oriel

Round 2 opens: 10am, Tuesday 26 February 2019
Round 2 closes: 4pm, Thursday 14 March 2019

IMT is a three-year programme which includes experience in intensive care medicine, geriatric medicine and medical specialty outpatients. It will:

- Provide more people training in Internal Medicine
- Ensure improved access to outpatient experience
- Better prepare trainees as they progress to the medical registrar role

For further information about the training model visit the JRCPTB website
For further information about the recruitment process visit the IMT recruitment website

CPR in Schools

Sign the petition to fund #CPRinSchools for #NHS trainee healthcare professionals to:

1) Teach children lifesaving #CPR in schools
2) Promote #NHS careers Sign now!
