  - [Summary of evidence report](#)
  - [Creating forms – 3 months limit](#)

- **2019-21 F1-F2 cohort**

- Horus are in the process of importing the basic personal and rotation details for all foundation doctors recruited through Oriel. Foundation school teams have been sent details.
- Trust admin teams **do not** need to manually create accounts for any foundation doctors recruited through Oriel.
- Horus also do not need separate information about F2 standalone appointments – they have received this information as part of the Oriel report.

**\*\*Core Surgical Training Interview Course\*\***

“We are delighted to announce that the 2nd Annual Core Surgical Training Interview Course at King's College London are officially accepting doctors for this November's course.

Last year's course proved to be highly successful with most candidates receiving one of their top 3 jobs, including themed and London jobs. We are delighted to welcome these doctors back to help provide useful guidance for this year's candidates. The format will remain standard, with a day of lectures and mock interviews with high faculty numbers to create a realistic interview experience and give detailed feedback.

Further information and advice will be given to those interested in joining us for this course. We accept doctors from any background, encouraging F1s and F2s, as well as anyone hoping to apply for Core Surgical Training.

For further information please contact the course chairman [akahluwalia@doctors.org.uk](mailto:akahluwalia@doctors.org.uk).”

**\*\*Royal Society of Medicine\*\***

### **\*\*e-learning for Healthcare – May update\*\***

The Foundation e-learning programme has been developed by the Academy of Medical Royal Colleges in partnership with Health Education England e-Learning for Healthcare (HEE e-LfH) and is approved by UKFPO.

Do you need to complete parts of the curriculum on your e-portfolio which you do not cover in day-to-day practice? If so try some of our free e-learning mapped directly to the Foundation Professional Capabilities (Training Outcomes) in the 2016 Foundation Curriculum.

The e-LfH sessions in Foundation e-Learning Project - Professional Capability: 7 Works effectively as a team member; the e-learning sessions cover working in, and with, teams in different healthcare settings. You will discover how effective teamwork is a determining factor in patient safety and the value of good handover practice and referral. You will think about your role within a multidisciplinary team (MDT). Finally, you will consider team dynamics and how working within and across MDTs can deliver and improve patient services.

#### **Sessions:**

- Team Working and Patient Safety
- Good Handover Practice
- Effective Referrals to Other Clinical Teams
- Primary, Secondary Care Interface
- Ward and Therapy Services
- Ward and Social Services
- Team Dynamics
- Effective Team Working

You can sign in to the e-learning with your login supplied by e-LfH at the beginning of your foundation training: <https://www.e-lfh.org.uk/programmes/foundation-programme/>.

**\*\*British and Clinical Immunology\*\***

To increase awareness and interest in Allergy as a specialty; BSACI is offering 30 scholarships for late Foundation Year 1 and Foundation year 2 doctors/ Core Medical / Internal Medicine trainees to attend the BSACI Annual Conference in Harrogate 3-5th October 2019.

Information about the meeting and scholarships can be found at <https://bsacimeeting.org/>.in the Abstracts/Awards & Fellowships section

**Allergy: a young, evolving and dynamic specialty**

The increasing prevalence of allergy has created new career opportunities in this rapidly expanding and changing discipline.

The British Society for Allergy and Clinical Immunology (BSACI) is the UK's leading organisation for healthcare professionals caring for patients with Allergy.

**To increase awareness and interest in Allergy as a specialty; BSACI is offering 30 scholarships for Core Medical/Internal Medicine trainees to attend the 2019 BSACI Annual Conference**

**Details of the award: -**

Open to all late FY1 and FY2 doctors, Core Medical and Internal Medicine trainees with an interest in or considering a career in Allergy.

Up to £550 to cover conference fees, hotel accommodation and travel expenses.

The application involves supplying a 300-word statement detailing why you would benefit from this scholarship with a supporting letter from your current supervisor.

Abstract submission for the conference is encouraged, but is not a requirement.

**Deadline for submissions is Monday 29th July 2019**

**To find out more and to apply, please visit our website**
